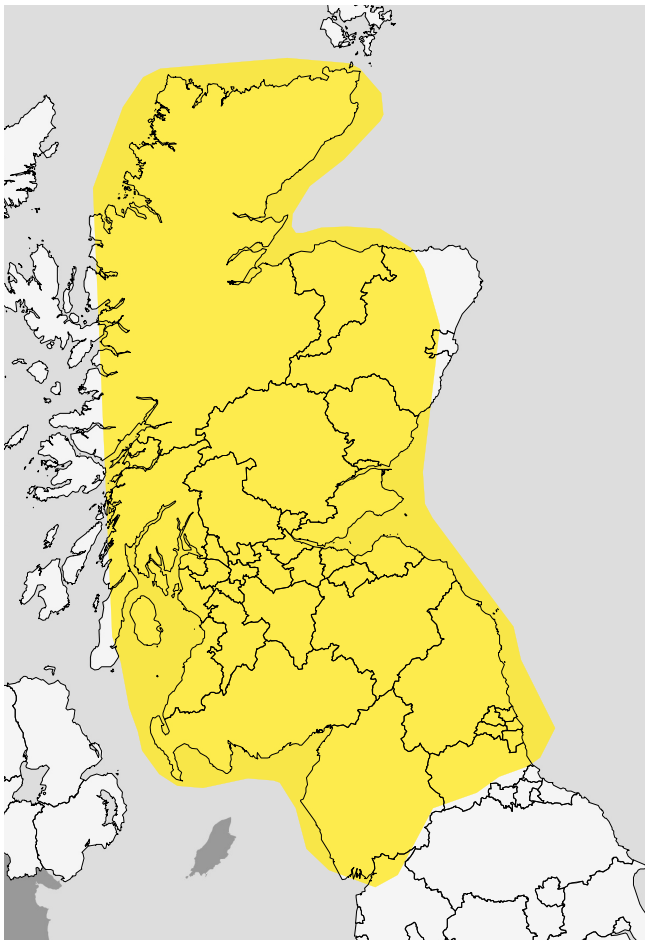
Thunderstorm

Between
10:00 Sat 15 Jul 2023 and
23:00 Sat 15 Jul 2023



Thunderstorms and heavy showers bringing some disruption.

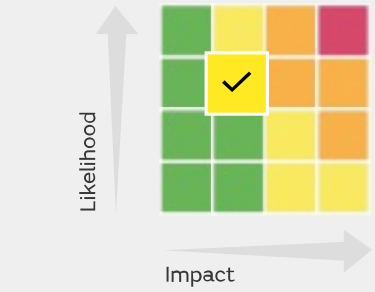
What to expect

- There is a good chance driving conditions will be affected by spray, standing water and/or hail, leading to longer journey times by car and bus
- Delays to train services are possible
- Some flooding of a few homes and businesses possible, leading to some damage to buildings or structures
- Probably some damage to a few buildings and structures from lightning strikes

Further details

Scattered heavy showers and thunderstorms will occur across parts of Scotland and northern England. Lightning and hail are likely in places, whilst rainfall totals of 15-20 mm in one hour are possible, with a few places seeing 30 mm within 2-3 hours.

The heaviest showers and thunderstorms will ease from most areas through the evening, but they could linger in parts of northwest Scotland and also over the far south of Scotland and far north of England.



Medium likelihood of low impacts
